

An Executive Retreat

14TH ANNUAL EXECUTIVE RETREAT ON CLINICAL OPERATIONS

Ritz-Carlton Amelia Island, Amelia Island, Florida

Executing clinical development has never been more challenging. Join your peers in this unique interactive consideration of the issues and innovations. Leave with your thinking refreshed and with concrete plans for improvement and change.

MAY 16-18, 2011

Presented by The Clinical Research Executive Forum®

14TH ANNUAL EXECUTIVE RETREAT ON CLINICAL OPERATIONS

*The Agenda for all our Forums is designed by,
and delivered by, the attendees.*

The Program will begin at 1:00PM Monday, May 16, and
end at noon on Wednesday, May 18.

This year's Agenda will focus specifically on:

- resourcing strategies and planning*
- the patient recruitment impasse*
- therapeutic-specific and technology-specific ClinOps challenges*
- coping with changing data processes and tools.*

In addition to these topics, recommendations from our attendees are expected
to range from determining new ClinOps job requirements to Metrics and more.

"Better than any other meeting I've attended."

"Much more in-depth than other meetings."

*"The high level of interaction with industry colleagues in
this format made it one of the most useful meetings I have
attended."*

*"The facilitators brought out the broad experiences from
among the audience and added their knowledge of
the industry at large."*

"Presentations were fresh, concise and provocative."

Come join us for **a unique industry gathering**, focusing specifically on the interchange of ideas on the
strategic issues facing Clinical Development executives. Biopharmas large and small have been
sending delegations to meetings of The Clinical Research Executive Forum® since 1997.
Directors, VPs and senior managers of Clinical Operations, Portfolio Planning, Resource Management,
Medical/Clinical Research, Information Technology, and all related functions are invited.
